

REMARKS

Favorable reconsideration of this application, as presently amended and in light of the following discussion, is respectfully requested.

The present amendment amends the specification, including the Abstract. It is respectfully submitted that no new matter is added.

The outstanding Office Action indicated that a substitute specification in proper English and in compliance with 37 C.F.R. §1.52(a) and (b) is required, noting that numerous grammatical errors were present throughout the specification. Claims 10-15 and 18-22 were indicated as allowed.

It is respectfully submitted that the substitute specification, enclosed herewith, is in proper English and in compliance with 37 C.F.R. §1.52(a) and (b), and is believed to address all grammatical errors.

Consequently, in view of the present amendment, it is respectfully submitted that this application is in condition for allowance and an early and favorable action to that effect is respectfully requested.

Respectfully submitted,

OBLON, SPIVAK, McCLELLAND,
